

FUTURE LINK

Future Link was set up to link talented students with business owners to solve complex issues and create meaningful connections between students and prospective employers.

How it works?

- 1. Complete the sign-up form indicating a summary of the challenges and the project or initiative you need help to accomplish.**
- 2. A team of business support interns will research the issue, present ideas, and solutions for your business.**
- 3. The Fall cycle of the program will start in mid-September 2021.**

The business support intern team is comprised of two university students

- 1. The team will plan an initial meeting with your business to talk about the challenges you are facing, the project you want to work on and determine an action plan.**
- 2. The team will present ideas, recommendations, and solutions, while keeping you updated with a progress report. During the process, you will be able to provide feedback.**
- 3. The team will present their finished proposal during a final meeting.**

What is provided

1. Services of two business support interns (10 -15 hours of work per week for a period of 2-3 weeks, as determined during the initial meeting).
2. New ideas, enthusiasm, and expertise.
3. Supervision of the interns by your Chamber and a provincial Future Link Program Coordinator.
4. Laptops and other office materials required.

How to sign up
