2022

Hello

again!

Our events in 2022

In these trying times, your financial support is the best way to present programs that bring value to our members, future members and the business community in general. For that, we are sincerely grateful.

While we try to fill all available sponsor spots for each event, we commit to deliver the maximum visibility to companies. That is why sector exclusivity is our priority.

Sponsorship opportunities for 2022 are based on available spots for each event subject to first right of refusal from previous year's sponsors.

We also commit to deliver as many in-person events as possible. Public Safety regulations at the time of each event will determine its format.

In case of rescheduling or change on the event's format, we will communicate with the sponsor to reconfirm their agreement.

If your organization is interested in any of these events, we will follow up with a customized sponsorship proposal.

Frequent events

Breakfast & Learn

A Breakfast & Learn session consists of breakfast and a brief presentation by a business expert in a specific field. Topics are selected based on members needs expressed in the annual Chamber survey. Throughout the years, this series has been presented in-person at NBCC Moncton campus.

Dates: Monthly, after safety restrictions will be lifted.

Business After Hours

This is our most popular networking event series, allowing members to meet, exchange ideas and talk business in a relaxed social setting. Different locations are selected monthly to host a Business After Hours. The series is held in-person and will follow strict Public Safety regulations.

Dates: 3rd week of every month. 8 events in 2022

BUSINESS SUCCESSION 101

Studies show that despite the number of 55+ business leaders in our region, many do not have an exit strategy, although having a solid business succession plan is a must. This series of three online events will include talks by succession experts in the field who will outline what entrepreneurs should be thinking about five, three and one year out from a sale. They will also learn about a new confidential Chamber buy-and-sell platform, and we will present a new business succession toolkit.

Dates: April, May and June 2022

This year, we introduce a new series called Chamber College – Professional development for business owners and employees. It presents a series of online events to help businesses improve their skills and knowledge base and also represents a fantastic opportunity for business owners and managers to provide professional development opportunities to their employees as a crucial part of their retention strategy.

Dates: Second week of the month, 11 events in 2022

Distinguished SPEAKER SERIES Deloitte.

Our Distinguished Speakers Series exposes members of the business community to industry leaders. It opens the possibility to a series of discussions from experts in different fields. This series is presented by Deloitte.

Date: Every third month. 5 events in 2022

Annual events

STATE OF THE TRI-COMMUNITIES ÉTAT DES TROIS COMMUNAUTÉS

The Chamber will present the 7th edition of the annual State of the Tri-Communities where the mayors of Riverview, Moncton and Dieppe will present their plans for the year ahead and take questions from the participants.
